Description	Has identical inside and outside diameters as USS thru-hardened washer. Many sizes--though not all--run thicker than regular thru-hardened washers. They are manufactured from a medium grade of steel and heat-treated.
Applications/ Advantages	Designed for heavy duty use in machinery construction, assembly, in-plant maintenance and building construction
Material	SAE 1035 - 1050 steel
Hardness	Rockwell C38 - 45
Plating	Parts are mechanically zinc yellow plated.
